

The Grace Notes personify the belief that music can inspire, delight, and even heal the human soul. The mission is to share the joy of music with Greenwich, Stamford, Darien, New Canaan, Armonk, Rye and surrounding communities, always striving to provide and share the highest caliber performance, to lift spirits and brighten hearts with the gift of music.

The Grace Notes are committed to rehearsing once a week with our professional director and singing and entertaining in the community several times a month throughout the year.

For the last 50 years, **The Grace Notes** - a volunteer group of a cappella singers - have been entertaining a wide range of audiences: young, old, active, homebound, by creating celebrations, special recognitions, tributes, and supporting community events.

Our audiences include:
